The goal of the annual EHDI Conference is to enhance the implementation of comprehensive state-based Early Hearing Detection and Intervention (EHDI) programs.

After two years of virtual EHDI Conferences, we are excited about being together in person for the 2023 National EHDI Conference in Cincinnati, Ohio. The planning committee has organized a great program with over 200 presentations, posters, instructional sessions, and field trips. The entire conference is focused on how to continue to improve Early Hearing Detection and Intervention programs to better serve children who are deaf or hard of hearing and their families.

English and American Sign Language (ASL) are the languages for the conference.

Registration for the 2023 National EHDI Conference is now open with discounted rates available until January 31, 2023.

Sponsored by:

MED EL

Organized by:

AAP (American Academy Of Pediatrics | H&V (Hands & Voices) | NCHAM (National Center for Hearing Assessment & Management at Utah State University)
