**Description Of Services:**

We are a 501(c)3, non-profit organization dedicated to teaching sign language to children and the community in order to create a world where Deaf children can live freely and without barriers. The Sign Clubs we create around the county teach sign language and also educate community members about Deaf culture.

Did you know that around 90% of parents of Deaf children never learn to sign? We work hard to end isolation and break down communication barriers to ensure that Deaf children have the opportunity to develop friendships with their peers.

We are all about making friends!!
