

## Super Sensitive to Sound?: You May Have Hyperacusis

If some (or all) normal sounds seem so loud they “blow your socks off”, this is the book you want to read! You don't have to avoid noise or lock yourself away in a sound-proof room. Discover which common drugs doctors prescribe that can cause hyperacusis. Learn the difference between hyperacusis, recruitment, phonophobia and hyperacute hearing. Exciting new research on this previously baffling problem reveals what you can do to help bring your hyperacusis under control.
