

Phantom Voices, Ethereal Music & Other Spooky Sounds: Musical Ear Syndrome: Unraveling the Mysteries of the Auditory Hallucinations Many Hard of Hearing People Secretly Experience

When hard of hearing people begin hearing phantom voices or music, they immediately worry they are going crazy. After all, only people with schizophrenia and other mental illnesses hear such sounds, right? Wrong! The truth is, thousands of sane hard of hearing people experience the spooky phantom voices, music and other sounds associated with Musical Ear syndrome. This book explains what these sounds are, what causes them, what you can do to alleviate or eliminate them, and how you can regain your peace of mind.
