

Bible fun. Friends & Play: Complete Teacher Kit

Do you teach Sunday School or Bible lessons? Want to incorporate fun lessons about God and Jesus at home or on the go? This great little book has lessons, activities, and ideas for using everyday signs to share and learn the Word. When using American Sign Language, Bible stories come to life and lessons are hidden away in the heart, ready for understanding and easy recollection later.

Commonly used, everyday signs are incorporated in five different lessons about friendship, manners, obedience, cleanliness, and learning God's Word.

The Friends and Play manual was written from a non-denominational, evangelical perspective. The Bible versions referenced were taken from the New International Version and King James Version; however, no direct quotes were used, but summarized with reference to the passage. This was done so any Bible version that the reader uses will be applicable.

Each lesson includes songs, videos, poems, books, discussion topics, activities, and crafts so you can provide a complete multisensory learning experience.

Actual Christian signs are not taught in the Guide or on the DVD, however, there are references to online websites that help visually learn Christian signs.
