

A 21st Century Deaf Ministry From a Biblical Perspective: Workbook

Are you setting up a Deaf ministry and have no idea where to start? Do you currently serve in a Deaf ministry that could use some restructuring? This workbook accompanies the book to address every facet of Deaf ministry from its conception to its production of disciples for the Kingdom of God.

As individuals use the book and supporting workbook and apply its principles, they will see their ministry move from survival...to stability...to success...to significance, and become a model 21st century Deaf ministry.

Author: Noah Butler and Bernice Allen

Imprint: Birmingham, Ala. : International Institute of Deaf Services, c2012
