

A 21st Century Deaf Ministry From a Biblical Perspective

Are you setting up a Deaf ministry and have no idea where to start? Do you currently serve in a Deaf ministry that could use some restructuring? This book and available workbook addresses every facet of Deaf ministry from its conception to its production of disciples for the Kingdom of God.

This text will also cover ministry team selection, interpreting techniques, and appropriate structure for a Deaf ministry group. As individuals use this book and apply its principles, they will see their ministry move from survival...to stability...to success...to significance, and become a model 21st century Deaf ministry.
