

Rachel and the TreeSchoolers: Plants and Flowers

Intended to entertain and educate, Rachel and her Treeschooler friends use stories and songs to teach a preschool curriculum and character-building values. In this episode, the Plants and Flowers curriculum explores such questions as:

- How do plants grow?
- What do plants need to live?
- What is photosynthesis?
- What are the parts of a plant?
- How can we work together to learn something new?

This set comes with an accompanying CD of music and downloadable free activity books can be found at:
