

Welcome Aboard & The Invisible Barrier

Welcome Aboard: Gives practical suggestions to teachers for modifying techniques to include deaf students in classes and answers many general questions about deafness.

The Invisible Barrier: This videotape presents some of the problems, frustrations and pleasures in the day of a deaf professional couple coping with the hearing world. The point is made that both deaf and hearing people must work to overcome the resistance and ignorance of hearing people. Deaf people can do anything, except hear! The captioning is for hearing audiences who don't understand sign language.
