

TN Directory of Services

For People Who are Deaf or Hard of Hearing

The Tennessee Directory of Services for People who are Deaf or Hard of Hearing is an attempt to produce a comprehensive listing of programs, agencies and organizations throughout the state of Tennessee that serve people who are deaf, deaf-blind or hard of hearing. It is not known what percentage of services included in this Directory it represents. We hope that those programs and organizations which have been omitted from the Directory will [create a service entry](#) [1] to be included.

The Library Services for the Deaf and Hard of Hearing makes no attempt to judge the quality of the services provided by the agencies and organizations that are listed. This is merely a compilation of known resources. The information is not edited for content.

We appreciate all the listed agencies and organizations who are included in the Directory and hope it is a valuable resource for all Tennesseans.

There are two ways to view the directory:

- Search by region, type of service or zipcode.
- Browse the index of all the categories.
