The Hands & Voices Leadership Conference brings together family leaders from all over the world to develop skills, to receive training on providing leadership to others and to impact local systems. It is the only conference of its kind devoted exclusively to teach family members with children who are deaf or hard of hearing to be effective agents of change.

This conference is an excellent time to network and learn. Please help us build our audience by extending an invitation to a favorite teacher, your EHDI Coordinator, an important school administrator or families with children who are deaf or hard of hearing. If you are not involved in specific activities for Hands & Voices, this is still a fantastic conference containing up-to-date information, fascinating conversations, and exploration of content in a new and exciting way.
