

WEBINAR: BIRDABILITY

Event Date: Tuesday, March 9, 2021 - 12:00pm to 1:00pm

Webinar on March 9th - Birdability - Access for People with Disabilities

This webinar is open to anyone. It is about Birdability, "a non-profit organization focused on removing barriers to access for birders with mobility challenges, blindness or low vision, intellectual or developmental disabilities (including autism), mental illness, being Deaf or Hard of Hearing and other health concerns; and bringing the joy of birding to people with disabilities and other health concerns who aren't yet birders".

March is here, which means another #TMNTuesday is just around the corner! Join us on **Tuesday, March 9th from 12pm - 1pm Central** as we welcome Freya McGregor as this month's featured speaker. Freya is going to dive (or fly, rather) into aspects of Birdability, a non-profit organization focused on removing barriers to access for birders with mobility challenges, blindness or low vision, intellectual or developmental disabilities (including autism), mental illness, being Deaf or Hard of Hearing and other health concerns; and bringing the joy of birding to people with disabilities and other health concerns who aren't yet birders. Discover ways to become a more inclusive birder and receive access to some great resources, including learning how to submit your own Birdability site review! Find out more at birdability.org [1].

Registration is NOW OPEN—the link to save your seat for this live session can be found below. Remember, our #TMNTuesdays seminar sessions are open to any and all, so invite your family, friends, and colleagues to join us!

Website (if available): birdability.org.
