

## Soaring Through Silent Skies

The author provides a firsthand insight into his life as a trailblazer who, despite being deaf, became a successful athlete, father, coach, and life mentor in a hearing world.

From the book cover:

"Lost his hearing at the age of three  
Dreamt of being an airline pilot  
Came close to racing motorcycles  
Became a high school basketball star  
Was a multiple volleyball champion  
Represented USA Men's Volleyball  
Now a well-known volleyball legend  
Helped others reach for their dreams  
Never learned or used sign language"
