

PARENTS OF CHILDREN UNDER AGE 3

HAVE YOU EVER WANTED TO ASK A QUESTION ABOUT YOUR CHILD'S HEARING LOSS, BUT IT OCCURS TO YOU AFTER YOUR CHILD'S APPOINTMENT?

Tennessee Department of Health Newborn Hearing Screening Program is partnering with the University of Tennessee Health Science Center audiologists, speech pathologists, and graduate students to offer Tennessee families a unique opportunity. PLEASE consider taking advantage of this **FREE** service.

UTHSC
AUDIOLOGY AND
SPEECH PATHOLOGY

Telehealth is becoming an increasingly popular way for families to connect with experienced providers to learn more about their child's hearing journey. **FREE** tele-health appointments will cover topics such as:

- **TIPS FOR CONTINUED USE AND CARE OF YOUR CHILD'S AMPLIFICATION**
- **TIME TO ANSWER SPECIFIC QUESTIONS YOU HAVE ABOUT YOUR CHILD'S HEARING AID(S) OR COCHLEAR IMPLANT(S)**
- **DISCUSSION OF LOGICAL NEXT STEPS IN YOUR CHILD'S HEARING JOURNEY**
- **STRATEGIES FOR IMPROVING LISTENING OUTSIDE THE THERAPY ROOM (HOME, DAYCARE, SOCIAL OUTINGS, ETC.)**

Again, these appointments are **FREE** to families! They can be done while you are in the comforts of your home. They will NOT take the place of the direct services your already child receives.

Videoconferencing is easier than ever before using your phone, tablet, or computer. We will help you set it up. If you don't have technology with video capabilities, we can make arrangements for this **FREE** service for your family too!

WANT TO SCHEDULE A VISIT? Call Julie Beeler at 865-974-1592

Don't delay – these appointments are only available until March 31!
