

Who We Are

Hands & Voices is a non-profit, parent-driven national organization dedicated to supporting families of children who are Deaf or Hard-of-Hearing. We are non-biased about communication methodologies and believe that families can make the best choices for their child if they have access to good information and support. Our membership includes families who communicate manually and/or orally. From American Sign Language to cochlear implants, our organization represents people from all different approaches to, and experiences with, deafness or hearing loss. We are one of over 37 statewide chapters comprised mainly of parents along with professionals.
